

Whonnock News

Spring 2004

Happy Valentine's Day!

President's Note

Fellow residents! It's January, 2004, and I was not able to achieve half the ambitious projects I had planned for last year. The years are moving much too quickly and I can barely find time to enjoy the reasons why we live here in the country.

When we moved here in 1990 it was because land was reasonably priced and we wanted more of a relaxed life style for our family. We have since met wonderful people and have enjoyed this community in all its flavours.

I hope you neighbours that are reading this newsletter have also found groups and people of interest. If you have ideas or proposals for any community sponsored events please attend one of our meetings and bring your new thoughts to us so we can support you and possibly help them become reality.

The Whonnock Community Association is here for the people of Whonnock and we need you to be involved to sustain its future. A warm thank you to all of you who make things happen in our community.

Yours truly, Brad Jennings, President.

Whonnock Lake Centre

Happy 2004! It's going to take a bit of practice to get that right. During this slow stretch I'm gearing up for the busy season ahead. It helps a lot to see smiling faces as they book the centre.

The New Year's party was a great success as fun was had by all. Cosmic catering did an outstanding job with the food as usual. A special thank you goes to Special Moments party rentals for the decorations, which always add a special touch.

We wouldn't have had a New Year's party if it weren't for Sue Schulze (and Quinn) who kindly again took time out of their busy schedules to organize and to Maureen and Simon Newton, without whose help it would have been a dry New Year!

A special thank you goes also to Maureen Stanfield (our gardener) for the creative touches with the hanging baskets and gardens over the holiday season. It gave the centre some pizzazz and many compliments.

The WCA has quite a few thanks to give out to volunteers since the last newsletter, starting with Kim and Ian Lashbrook who took on the huge task of getting Whonnock Lake Day together. It was just great! Each new organizer adds their own spin to things and a wonderful time was had by all. Even the weather cooperated.

Thank you also goes out to Adrianna and Glen Knox for putting on the Pancake Breakfast for the WCA. They also had a bevy of helpers and donations from Mission Safeway and Maple Ridge Save-On.

The Craft Fair was a big success thanks again to Lori Ryan.

The WCA is always looking for volunteers to help with special events; volunteers make a community special. So if you have some free time to help out, you want to organize an existing event, host a new one, help out Maureen in the Rhodo garden or whatever, please give me a call and we'll gladly accept whatever time you can offer.

Speaking of volunteers, the Annual Whonnock Community Association Volunteer appreciation dinner is Sunday, March 28, 2004. If there are special people in the community please let us know. Thank you goes a long way.

Submissions Welcome!

The Whonnock Community Association produces this newsletter twice a year around the end of January and in September. All submissions, editing, layout, and production is completely done by volunteers. We try to be informative, and interesting with a non-biased approach to community events, programs, and groups. We are not a political statement or opinion piece. With that in mind we would like to welcome inquiries and questions about any submissions. Thank you for your support.

Our fall fundraiser, the ever popular "Halloween Carnival" was a fun time and raised \$3000.00 for the school. Thank you to all whom supported this ghoulish night of fun

The Whonnock Foundation

Many people feel a connection to the community they live in, Whonnock is no different. The Whonnock Foundation is a non-profit organization, which through donations and bequests, uses those funds to benefit the communities of Whonnock, Ruskin and Stave Falls. It is a way to give something back to the community.

Due to the generosity of the late Mr. Brian Byrnes the foundation has received the two heritage homes and adjacent properties. This is a wonderful gift and a fine memorial to Mr. & Mrs. Brian and Isabel Byrnes, who cared so much about this community, its heritage and history.

If you would like to know more about the Whonnock Foundation please call Allan Springman at 604 462 8114.

Bingo and the Whonnock Community Association

A Bingo license is one way in which the Whonnock Community Association earns money to maintain, upgrade and run the Whonnock Lake Centre and offer this venue free of charge to user groups throughout the year. This license involves the association providing a volunteer once a month, on a Saturday afternoon, for three hours at the Bingo hall on 224th. We can always use more volunteers and the job is very easy, so if you have some spare time give Allan a call at 604 462 8114. A big thank you to all the volunteers who make this happen and to coordinator Allan Springman.

The Whonnock Community Association Bursary

The WCA offers a \$1,000 bursary to grade 12 students going on to post secondary education and who currently reside or have resided in the Whonnock area. One of the requirements looked at before rewarding the bursary is a student's commitment to the community, school, or other worthy causes through volunteerism. More information is available through the high school counsellors.

Register as a member of the Whonnock Community Association

The general consensus of the Whonnock Community Association is that anyone living in Whonnock belongs to the association. However, we do need your name & address & "toonie," to validate the organization and to advise you of ongoing events. Ideally we really would like to see more input from our community so please call Jean at 604 462 7794, stop in and see Jo-Ann & Eit at the hall, or attend a monthly meeting for more information or to sign up.

Community Policing

East Maple Ridge Community Policing committee (D Zone) runs independently with a community liaison officer in attendance. With help from the community the committee identifies problems and issues, then works towards resolving them. One example would be vandalism at the schools and parks. Drop in to see what it is all about, every 4th Thursday at 7:00 p.m. in the basement of Albion Hall.

Adopt a Block

Thank you to everyone for your continued dedication to keeping our streets free of litter. If you are interested in cleaning up an area, please let us know and we will provide a free "grabber", litter bag and safety vest to assist in your efforts. The task involves cleaning up at your convenience, preferably once a month, and litter can be disposed of at the dumpster beside Maggie's concession at Whonnock Lake. Just let us know so that we can coordinate each area. Call Jean at 604 462 7794.

Speed Watch

D Zone speed watch covers the area from 228th Street east to Ruskin, a very big area for a very few volunteers. The police receive many complaints about different problem areas such as speeding along 272nd. Sometimes drivers do not even realize they are speeding. We hope to act as a deterrent and help people think about traffic safety. If you have concerns and have approximately four hours a month to volunteer please contact the local police or phone 604 462 9097 for more information. Training is provided.

Whonnock Archives

1986—Brian and Isabel Byrnes standing in front of the home where they lived since 1942. The 1999 awarding of a Heritage Plaque to the Byrnes home was a public recognition of its heritage value and the care they took to keep it in its original state. In May of last year the Byrnes properties were given Heritage Designation and are now under government protection against undesired amendments.

On 22 September 2003, Brian Byrnes, resident of Whonnock since 1919, passed away, following his wife Isabel, who had died six years before him.

Brian and Isabel live on in the hearts and minds of so many who found time to enter their cozy house and share a coffee and an enriching talk with them. Visits to the turtles, frogs and fish are remembered by youngsters, many of whom returned as parents to show their children that paradise is where we make it.

The Byrnes reference library went to the Maple Ridge Museum and Archives, where it will be made accessible to everyone as Brian would have liked it. Brian also enriched the museum with his extensive anthropological artifact collection—a jewel in the crown of the planned new museum. The Whonnock Community Association inherited the eclectic documentary legacy of Brian and Isabel Byrnes. The Byrnes documents will be part of the Whonnock Archives—stored at the Mission Community Archives—accessible to anyone interested in Whonnock and Whonnockians. Brian bequeathed his two homes and the lands around it and his life savings to the Whonnock Foundation “for the purpose of promoting well-being in the community of Whonnock and Ruskin.”

“It Was a Wonderful Life,” the latest in the series *Whonnock Notes* contains the text of published articles about Brian and Isabel Byrnes and a selection of notes and handwritten copies of letters written mostly by Brian. As all the other *Whonnock Notes* it is available at the Whonnock Post Office courtesy Sue Schulze. The price is \$5.00.
