## President's Report

The most difficult task for me as president is putting pen to paper and writing something interesting and worthy of your attention. The "First Lady" and I have been living in Whonnock since 1989 and have raised our three children enjoying all this community has to offer. Schools, both elementary and high, created lots of fond memories with sports games, acting performances, field trips, and many other opportunities to spend time with our children and their friends.

Now that our last has graduated, we are looking for new experiences and activities to occupy our time. The ACT in Maple Ridge has lots of great entertainment. Our own Whonnock Lake Centre offers exercise classes, and many other groups and clubs are active in this community. Maybe I'll check out our Volunteer Fire Department—you can stay in shape and help out others in difficult situations while doing it!

The snow and cold temperatures of late December and January were a little unexpected. The Fraser River froze over, and we lost the use of the Albion Ferry for almost two weeks. As cold as it was though, I must admit I enjoyed the look of our community covered in snow and the crisp, clear views of our local mountains. If this weather starts to happen on a regular basis, we may have to start a WSC (Whonnock Snowmobile Club)!

Our Association has reluctantly decided to not hold Whonnock Lake Day this September. The enthusiasm needed to put on this event doesn't seem to exist at this time. With a year off to reflect, the hope is to put on a great celebration in 2010.

As always we meet at our regular time at 7:30 pm. at the Whonnock Lake Centre every second Thursday of the month. Please stop in at one of our meetings, enjoy a cup of coffee, and discover what we are about.

Branch #103 Whonnock Ruskin B.C.O.A.P.O. disbanded as of December 31, 2008. It was a difficult decision to make but our membership was ten and with the Seniors' Centre in Maple Ridge we felt it best. We lost Ailsar Henderson before Christmas and she had been an active member of our group. Although the branch no longer exists our members will continue to work for Seniors. The Whonnock Community Association is to be commended for all of the activities that are sponsored on a yearly basis. Margaret Norman,

### Whonnock Lake Centre Report

The Whonnock Lake Centre has seen many improvements in its décor this winter. The interior has been freshly painted and upgraded. It's hard to believe that the building is over 20 years old.

There have been a couple of new classes added to our venue:

### Whonnock Bursary

The Whonnock Community Association offers an annual \$1,000.00 Bursary to any interested grade 12 students who resides or has been a past resident of Whonnock.

We are currently looking for some members to serve on this committee as the standing members are too close to the current group of graduates. This is a very small commitment time-wise and gives a lot of satisfaction to the volunteers, knowing you are helping a young person get started on further education. If interested please call Noreen Woods at 604-462-8557.

The criteria we look at are threefold. First we look at the student's marks which must show a commitment to furthering their education at college, trade school or university. Secondly we assess financial need. Thirdly we look for a student's history of volunteering either in the community, the school or other worthy cause.

Please check with your school counsellor for more information.

Good Luck to all applicants!

## Ridge Canoe and Kayak Club

Keith Kelleway of the Ridge Canoe and Kayak Club has been named as B.C.'s male paddler of the year and received the Premier's athletic award at the ceremony on Thursday in Vancouver.

The Thomas Haney Secondary senior was recently named to the Canadian junior team, and spent the summer competing in events as far flung as Bochum, Germany, and Moscow, where he and his K-4 crew won a bronze medal in the 200-metre knock-out.

"Those larger international competitions were challenging and exciting," said Kelleway, "I really enjoyed the travel to new venues, with different food and language challenges. But all of the athletes there loved competing."

At the Western Canada Summer Games, Kelleway brought home 10 medals from the 10 events he was entered. He will be representing Team B.C. at the Canada Games in Prince Edward Island in August, as well as the Canadian National Championships in Sherbrooke, Quebec, in early September.

Whonnock Elementary School started another great school year with two new additions. Mrs. Gwyneth Dixon-Warren began in September as our new Principal and in October we welcomed Mrs. Stephanie Dand as acting Principal for Mrs. Dixon-Warren's maternity leave. Whonnock Elementary also welcomed students who transferred in from Stave Falls and quickly became a vibrant part of our school. Friends were quickly made!

Spring is around the corner and the PAC has planned a family movie night and we are also bringing back the Sports Swap for May. ## Rhododendron Garden Notes

These notes are read by residents of Whonnock, but they are written by one having a more suburban lifestyle. As I visit the rhododendron garden I observe the comings and goings which convince me of the advantages of living in Whonnock. There is the walking club, the day care, the beautiful hall, the lake and the paddling club. At home you

tend your acres, and spend a lot of time doing it no doubt. It must be a very full life even if you are retired.

What is it that gives spice to life - perhaps a new enthusiasm and meeting new people? If you are looking for a new venture, I have a suggestion. Join the Rhododendron Club which meets monthly in Maple Ridge. In the last year we have had one lady resident of Whonnock join the club, and apart from attending the regular meetings she has enjoyed a day's outing to the Sunshine coast, and has participated in the Christmas Dinner and Party and a splendid summer barbecue.

At our meetings you are immersed in a gentle learning experience which embraces many aspects of gardening not solely related to rhododendrons. You can see and touch the many beautiful plants and plant forms that are brought in as they mature throughout the year. Without really trying you will find yourself acquiring new plants and new knowledge and your enthusiasm will grow.

With only twenty or thirty members attending a regular meeting, a newcomer will soon feel at home. There is always time to get advice from one of our truly expert gardeners. Our breaks are always special times when we can chat and enjoy home-made cookies. Our annual sale and flower show at Whonnock is an event which brings people together in achieving a most worthy objective, that of promoting our club and helping our finances.

After attending one or two of our meetings please consider becoming a member. A membership costs \$40 per year and includes membership of the American Rhododendron Society, the world-wide parent body. You will receive the quarterly journal of the ARS, a publication in full colour with many interesting articles.

If after joining, your inclination is to learn more and more about gardening and rhododendrons in particular, there will be opportunities to attend workshops, visit specialty gardens and to read some of the books in our library. Maybe you will bring your knowledge and enthusiasm back to our own garden at Whonnock and make it even more special.

Club meetings are on the fourth Monday of the month, September to May, except for holidays. We meet at St. Andrew's Heritage Hall, 22279 - 116th Ave., Maple Ridge, which is just off the west end of the Haney By-Pass. Please call Scot for more information at 604-464-7979.

## Whonnock Well Monitoring Group

The Whonnock Well Monitoring Group was established in June 2007.

The members participate in two activities over a 3 year period.

THE FIRST ACTIVITY is having their well water tested twice a year in May and October.

The members have the option of the full test (mineral and bacterial / health) or just the bacterial / health. About 1 to 2 weeks before the test date, members pick up a test kit from Yukiko Tanaka. The kit is provided free of charge from the water testing lab Bodycote. On the morning of the test date, members bring their water sample to the Whonnock Lake Centre hall parking lot.

Yukiko Tanaka and Tilde Castiello check the form and method of payment and then place the water sample in a chilled cooler. Bodycote picks up the coolers by 8:30 AM. Within a week, the test results are sent to the member and also to Yukiko. The results are added to the spreadsheet.

THE SECOND ACTIVITY is taking well depth measurements on the first of every month.

A core group of six members have been taking depth measurements since July 2007. These measurements are e-mailed to Norman Billesberger who adds them into the spreadsheet.

Both these activities are planned to continue until the end of 2010, with the next water test date being Thursday May 21, 2009.

Contact Yukiko Tanaka for information: 604.462.8675 <yukikomtanaka@shaw.ca>.
