Whonnock News

Spring 2010

Greetings from the Whonnock Community Association

Now that we have all moved from in front of the TV after two weeks of Olympic excitement – it's back to regular life, working, playing and getting outside. Our winter never really happened so we are all looking forward to an early spring.

It has been a busy six months since our last newsletter. Our new caretakers, Cliff & Cheryl Latter, are settling in and enjoying living in Whonnock (who wouldn't). Say Hello next time you are up at the lake. A successful New Year's Dance was held – a big thank you to Sue and Teresa from the Post Office for organizing and coordinating. Plans for our annual Easter Egg Hunt are being finalized, and the Volunteer Appreciation dinner invites have gone out in the mail.

We have had two meetings at the hall for citizens affected by the power outage and surge that happened in the fall. Over a hundred people, including Marc Dalton, our MLA, filled the hall, and a tentative plan has been implemented.

As always we have more jobs than we have volunteers. We would love to carry on our Whonnock Lake Day tradition, but need someone to coordinate. If anyone out there feels the same and has a some extra time to take on this project, the Whonnock Community Association has people to help.

Our Annual General Meeting will be held in May as usual. Anyone interested in sitting on the board or helping with any of our committees please let us know via e-mail. The address is <wca@whonnock.ca>. We also welcome all community members who just want to come and see what we are all about.

On behalf of the Whonnock Community Association: have a great spring here in lovely eastern Maple Ridge.

Noreen Woods, Whonnock Community Association

The Whonnock Community Association invites all good hunters of age 10 and under to come and join us at Whonnock Lake Centre for the annual Easter Egg Hunt. It's fun and free! There are hunting areas for children 4 and under, 5-7, and 8-10. No one leaves empty-handed.

The hunt will start at 1:00 pm sharp on Sunday April 4. Rain or shine. No early birds please. The Association held its first Easter Egg Hunt in the spring of 1981.

Whonnock Post office celebrates 125 years

Whonnock has had its own post office for 125 years.

Between 1885 and 1916 the post office was in the Whonnock General Store—its locations now under Lougheed Highway. That store burned down in 1916, and a few weeks later a small post office was opened at its present address, 26915 River Road.

Sue assures us that this anniversary will be celebrated, and plans are being made. Stay tuned!

Just a reminder of some Special Dates

Whonnock Well Monitoring Group

After three years the Whonnock Well Monitoring project has come to an end. Members have been submitting samples of their well water twice a year for the last three years. Tests and analysis were performed by Bodycote Labs in Surrey.

Bacterial tests were done on the samples taken in May and October and a chemical analysis was done on samples taken in May. The test results (anonymous) were entered into a spreadsheet and the data shared with the Ministry of Environment.

Core members also checked their well depth once a month and the data were recorded on a spreadsheet.

A warm thank you to Yukiko Tanaka and Tilde Castiello for their work on the co-ordination of this popular project.

The Whonnock Community Association offers an annual \$1,000 Bursary to any interested grade 12 students who now live or have been a resident of Whonnock.

The criteria we look at are threefold:

- First we look at the student's marks, which must show a commitment to furthering their education at college, trade school or university.
- Secondly, we assess financial need.
- Thirdly, we look for a student's history of volunteering either in the community, the school or other worthy cause.

Please check with your school counsellor for more information. Goodluck to all applicants!

>> If you have an interest in serving on this committee please call Noreen Woods at 604-462-8557. The time commitment is minimal and the satisfaction is great, knowing you are helping a student on their road to future success. <<

What's Happening at "Dowco"?...

The building was purchased from Dowco in November, the new home of Albion Fellowship Church.

What will the name of the building be? That is T.B.A. sometime this spring at the grand opening of.....

"ALBION" FELLOWSHIP CHURCH

Yes, the name will change as will the name of the building.

This church of about 120 souls from all over East Maple Ridge has been around for eight years, and on November 22nd moved from its previous home at Albion Hall to the old Whonnock Elementary School, a.k.a. "The Dowco Building"(yes, the first Sunday after a certain power surge knocked out the Dowco well-pump).

The church is Baptist in doctrine and community-minded in spirit. Worship is 10a.m. Sunday mornings with Sunday School for K-4. There's a Grade 5-7 youth group of some 40 kids that meet at Albion Hall Mondays 7pm, and a Grade 8-12 group of about 25 teens that meet at the Dowco building every Wednesday at 7pm. Check out their website: www.albionchurch.com.

Plans are afoot to convert the current auditorium into a truly multipurpose facility as a sanctuary and gymnasium. What will the new name of the church be? Stay tuned for a grand opening in April. Pastor Dan Ost is their spiritual leader and can be reached at the church office at 604 462 1161, or at dost@albionfellowship.org.

If you are looking to use the gymnasium, call the church office to make arrangements. Keep your eyes peeled for the announcement of the grand opening - see what they've done with the building, hear their plans, and celebrate with them.

Then at the end of July, we organized and participated in "Fabulous Fibres" at Country Fest. This event was part of the United Nations International Year of Natural Fibres, and we filled Planet Ice with weaving, spinning, felting, rug hooking, and knitting with the help of several other groups from various parts of the Lower Mainland. We even had activities for kids, including dyeing with KoolAid.

Many of our members also entered items in the Country Fest competitions, and came away with prize ribbons.

Our annual Open House show and sale in the fall at the Whonnock Lake Centre is always a great success.

Ridge Canoe and Kayak Club

Paddlers and parents of the Ridge Canoe and Kayak Club had a banner year in 2009, participating in many provincial regattas as well as participating in the Canada Summer Games in Prince Edward Island and Canadian National Championships in Sherbrooke,

PQ.

As we gear up for the 2010 season, like many other amateur sports and cultural organizations, we are faced with financial challenges due to either the elimination or reduction of Gaming grants. Additional fund raising initiatives will be part of our immediate future, but we will endeavour to offer the same quality programs of paddling instruction, water safety and competitive racing that we have in the past. Our spring programs have been put into the Maple Ridge Parks and Recreation brochure.

As we continue to grow, our challenge has been to create additional storage space for our boats and equipment, as well as more room for our athletes and activities. As many of you know, efforts are being made for the creation of a new building (Whonnock Lake Paddling and Recreation Centre) planned for the east side of Whonnock Lake Park. As the name implies, the new building will house RCKC, but will also feature facilities for the use of the public, and will be especially beneficial to those in the community of Whonnock. Plans for the new building include new public washroom facilities, a concession stand, a hall complete with kitchen and stage; meeting rooms, flex rooms and a caretaker's residence. This structure will be wheelchair accessible, use "green" technology, and will serve as a functional emergency centre for the community in case of a disaster.

Carrying on the 2010 Olympic theme, the club held its third annual Gala Dinner and Dance at Whonnock Lake Centre on February 13, 2010. Our speakers included Olympic paddler Kamini Jain, and club member Clara van Meel who told us of her experience as a torch bearer for the 2010 Winter Olympic Games. We would like to thank all those who supported this Gala and made it a resounding success!

And we would like to extend an overdue special thank you to the Whonnock Foundation and Dr. Pommerville (former paddler) who donated \$1,000 and \$500 respectively towards the purchase of an AED (Automated external defibrillator) for our club.

As always, the Ridge Canoe and Kayak Club encourages members of the community to come out to Whonnock Lake and experience some of our great programs this spring and summer, and check out a new sport that is fun for the whole family!

For more information on our programs, please visit our website at www.rckc.ca

Notes from the Rhododendron Garden

What is special about our garden? A few thoughts come to mind, and first of all is the fact that it is the product of the collaboration of three main supporters. The City of Maple Ridge approved the original concept and continues to give us practical support in the way of tree care and bank grooming. The Community Association arranges for their regular gardener to do much of the general maintenance of the garden and in addition has provided much of the funding for exceptional expenditures such as landscaping materials and irrigation. The Fraser Valley Rhododendron Society originated the idea of this special garden, and has supervised the installation of the plants in two main phases. They provide specialized care for the plants, and help with general maintenance.

In the first phase of development, about two thirds of the garden was populated by more than a hundred mature specimens, saved from the bulldozers working on City developments. The lasting benefit to us is that we have fine plants at their fullest growth without having to wait the ten or twenty years that some plants need to show their true worth. A good example is the tree-like auriculatum found in the centre of the garden, fully 20 feet high and broad, and having heavenly scented blooms in June.

When the final third of the garden was planned, we had to buy new plants and this gave us the opportunity to choose the better plants not always readily available in garden centres. Today we have about one hundred and fifty labelled plants in what we call "the new garden". For those enthusiastic for species rhododendrons, we created an island bed containing about fifty of these plants.

To many visitors, what is special about the garden is the feeling of peace and tranquillity enjoyed as they wander round the many paths or rest on the benches to take in the view. Those who wish to learn more about rhododendrons have in our garden a living classroom.

A word about our local chapter of the American Rhododendron Society. We are striving to remain viable but with a membership of only about twenty, the future looks very doubtful. There is so much to enjoy in our meetings, outings and in the friendships that develop that it would be a great pity if we had to move away from Maple Ridge.

Please come at least once to a meeting at St. Andrew's Hall, off the west end of the bye-pass on the 4th Monday of the month at 7.30 pm.

Scot Henney, Member of Fraser Valley Rhododendron Society.

Congratulations to (from left) Reginald Friesen, Trudi DesRochers, Sue Schulze, and Steve Bentley, who received this year's Maple Ridge heritage award for their shared respect for the heritage properties on the north side of River Road in Whonnock, assuring the continued maintenance and preservation of the buildings and gardens and the trees that constitute "The Front," Whonnock's commercial and civic centre, since the 1800s. They received the award from the hands of Maple Ridge Mayor Ernie Daikin supported by Councillor Craig Speirs.

Congratulations to Phil Jonson and Bud Popadiuk for getting the new electronic sign for the Whonnock Community Association and putting it up there on the well house.

After decades of climbing up the ladder to change the text we have arrived in a new age!

It was through Phil Johnson that the WCA acquired the first sign —now retired—in 1983. The lower picture, from the time it was installed, shows the old sign.

A power spike or spikes in the night of November 17th affected some 150 households, causing thousands of dollars worth of loss and damage. We thank Colleen Bokstrom for chairing the meetings of the victims seeking compensation from BC Hydro. (Photo by Maggie DeTemple)

The WCA dedicated another of Tom Woodward's benches in the Rododendron garden: This one to the memory of Norm. We all miss his friendship, dry wit, smile, wisdom and unique insight.
